The Plan

- **Definition:** within humanity to strive towards that **subjective synthesis** and **telepathic interplay** which will eventually annihilate **time**. Performances and knowledge of the past will be brought within the reach of every man. The true meaning of **mind** and **brain** will reveal itself to man. This will make him omnipresent, and finally open the door to omniscient.
- Before the **3rd initiation** it is **not** possible to see something from it. Only the **effort** to **reach** to a **continuous** consciousness, the awakening of inner light is feasible.
- The Plan as it is **perceived** by the world disciples in an effort to work and cooperate with it is just sensing **a part** of what human consciousness includes.

Panorama over the Wesak Valley.

It is said that the Wesak ceremony takes place in this valley during the full moon in May. A large crowd gathers in the valley before the **big rock table** at the end of the valley. The valley photographed here perfectly matched the description of Alice Bailey. In her *Unfinished Biography* she describes her as "large and oval shaped, rocky and with high mountains on both sides."

Destiny of Nations

The Divine Intermediaries:

2 Groups with very advanced minds that both formulate their goals, but differ in direction.

➤ **The Great White Brotherhood:**

Works with the **soul** or consciousness aspect - the doctrine of the **heart**.

➤ **The Lodge of Materialistic Forces:**

Works with the **form-aspect**. The light of love and unselfishness is utterly lacking here – the focus lies on the **personality**.

The 2 groups are conflicting with one another on the **mental** plane.

The plans of both groups are first brought down to the **astral plane**. The demarcation lines for the workers of the White Brotherhood and the Materialistic forces are very clear, but **not** for **common people** nor to some **extent** to **disciples**.

Destiny of Nations

- There are two groups, two objectives, two great formulated ideals, two flows of active energies - **6th Ray** of the **Age of Pisces** and the **7th Ray** of the **Age of Aquarius**.
- The 2 energies **prevalent** with each other in **conflict**, leaving the **distinct ideologies** emerge, recognizable in politics, religion, economics, philosophy, both social and educational. It is also common that humanity is under the influence of the **4th Ray of Harmony through Conflict**. The result of the confusion: the attention of the human being has been moved to the **mental** region. It shows that the Great White Lodge is steadily gaining field.
- Under the **6th Ray** power one has **failed** to bring the soul and form to an intelligent and loving **unity** and this has led to a fatal, wrong-controlled world in the past 2000 years. The **6th ray power** has led to **separation**, like an individual human being can suffer from a **"split personality"**.

Destiny of Nations 6th Ray

Working process of the 6th Ray in the Age of Pisces

Purpose: Orientation of man on the world of **higher values**

Features:

- Dedication
- Large capacity for abstraction, but with too much emphasis on spiritual values.
- Taste cultivated and brought to a higher development.
- Taste for food, clothing,
- dealing with people, colours, shapes, art, architecture, science.

World Disciples must learn to transform taste into his higher equivalent
- discernment - 4th sub-plane of the mental plane.

Ranking order: desire, taste, discernment.

Destiny of Nations 7th Ray

Working process of the 7th Ray in the Age of Aquarius

Purpose: **Synthesis** - fusion - reinforced soul expression leads to a change in civilization and culture.

Features:

- The 7th ray is primarily active in the etheric levels of the physical plane.
- The 7th ray is practically oriented and with a fixed goal to get results.
- The 7th ray applies force to build up the forms and does this more scientifically than the other rays.
- Under the 7th Ray influence lies the task to bring together some apparently contradictions: Spirit and matter.
- All animal (human) bodies are to be ennobled.
- Certain species will become extinct.

Destiny of Nations

Working process of the 7th Ray in the Age of Aquarius:

- The **magical work** of the 7th Ray has a **peculiar effect** on the **mass consciousness**, for example, "slogans and chants." The **early stage** of the use of **Power words**.
- Power Words will lead to very large magical achievements and creations, triggering group activity and bring up certain forms of expression at appearance level.
- The keynote of 7th Ray disciple is "**radiant activity**".

The Jewish Problem

The Jewish race (in its **condensed** form) symbolizes **humanity**. This means that all positive and negative achievements are own to us all and therefore it makes sense to re-expose the Middle East conflict in the present day from: a **common origin** from the three disciples and their large family generations.

- The **conflict** between the outgoing **6th Ray** and incoming **7th Ray**.
- A **task** of **service** to all **disciples**:
- Distributing as much of this knowledge, so that this thought-form can be implemented or being precipitated and ends up in the masses.

Characteristics of Humanity

- Old tendency to grab and to hold.
- Modifying forces and energies.
- To pull the strings from behind the scenes.
- As a race, the Jews are by nature **law-designers**, hence their tendency to dominate and reign.
- In the history of the Jewish race (see humanity) constantly appears the doctrine of the **Goat** and the teachings of the **Virgin-Mother**, which should give birth to the Messiah.
- The **presumptuous** attitude of independence.

From the Old Comment

... Some Sons of God who stood outside the gates, waiting, ready to enter, and loaded with treasures of the earth. They brought their treasures as an offering to the Lord who did not need their gifts. So it was no selfish purpose, but they did so to show their love.

The word sounded: Leave everything behind and come unencumbered. Three disciples did not want to leave anything behind, they had worked for the riches which they held. They did not like discipline. The rest of the group was ready and entered into the light, they were accepted.

Again the word sounded: Let all that you possess fall to the ground and enter unencumbered. As they travelled with the group they stopped at the gate. The three did not want to leave anything behind, they did not like discipline and revolted. They kept their treasures and stayed outside the gates ...

From the Old Comment

The history tells that the three, loaded with their treasures, went in sadness and rebellion, and so began the history of the **Wandering Jew**.

Jesus of Nazareth was a Jew, the eldest of the three original descendants, who were in opposition to the drama of **detachment**. The life of Jesus is the **example**, how humanity has to live the **Way to the Light**.

The Jew (humanity) embodies in itself the **universal prodigal son**. He is the symbol of the disciple who has **not yet** learned the lesson of a proper **understanding of values**. He is a victim of the law of Light and of his **inability** to conform to that **Law**. He sins **deliberately** and with his eyes opened wide for the **consequences**.

The ancestors of the Three Great Racial Groupings

The **original three** disciples and their family groups were ancestors of three major racial groups, which in general can be outlined and divided as follows:

- The **Semitic race** or races of the Bible and of more **modern** times; Arabs, Afghans, Moors and modern Egyptians. These are descendants of the **eldest** of the three disciples.
- The **Latin people** and their various side-lines; the **Celtic** races, they are descended from the **second** disciple.
- The **Teutons**, the **Scandinavians** and the **Anglo-Saxons**, who are descendants of the **third** of the three disciples.
- Only the **Hebrew** has maintained some degree of **racial unity**.

Hope for the Future of Humanity

Gradually, the **descendants** of two of the three disciples, is revealed in the time of **Atlantis**. They have rallied to the side of those who are **hostile** to the **contemporary Jew**. They have lost the sense of common origin. (This was written in the 40s of the last century).

When humanity realizes their **common origin** and when the **three family generations** are **recognized** in our modern civilization, we will see the old hatred against the Jew die out and he will blend with the rest of humanity and mingle (assimilation).
